Check Number _____	Parcel Number _____	

## **Christmas Tree Lot Application Explanation**

The community development director may issue a temporary use permit for Christmas tree sales, providing he shall find that the use will not conflict with the uses in the neighborhood of the subject property. To determine the compatibility of uses, the community development director may call a public hearing. Request for such permit shall be submitted in writing.

In issuing a permit, the community development director may:

1. Stipulate the length of time the permit may remain valid;
2. Stipulate the hours of operation of the use; and
3. Stipulate other regulations which are necessary for the public welfare.

Please submit the application with a site plan showing the parcel, access, parking and area of tree sales. The filing fee for the use is \$50.00, to be paid at the time of submittal. If the use is in a residential area we will notify the surrounding owners of the request. If there is opposition we will place this on the Planning Commission agenda for decision.
