Subscription Green Waste Program

The Weekly Green Waste Collection Program will resume beginning Monday, March 14th for Herriman residents. Herriman currently has 1,367 out of the 9,478 district-wide subscribers.

Residents can sign up and help divert green waste from the landfill to be processed into mulch that can be purchased for use from the Salt Lake Valley and Trans-Jordan Landfills. There is a onetime start-up fee of $60 to pay for the can and at $126 per year, a green waste can is less expensive than an additional black garbage can at $204 per year. For more information on this program, please visit our website at: http://wasatchfrontwaste.org/green-waste.

==========

Broken/Damaged Cans

If your garbage or recycle can is broken or damaged, due to normal wear-and-tear, please call our office at (385) 468-6325. We will come and repair, or replace your cans as part of your fees for services. You can also complete an online service order request on our website (https://wasatchfrontwaste.org/report-a-problem-or-request-service/).

==========

Recycling

The Recycling Markets continue to improve and it's important to take the time to familiarize yourself with items that are recyclable. To help out, we have recycling guides that can be found on our website. We also sent these out with our first quarter billing statements last year.

By reducing contamination and keeping plastic bags out of recycling, we can continue to keep costs low for our residents. Remember, when in doubt, throw it out!
