Council Corner

Council Corner: Safe Walk Routes and Crosswalks

It’s hard to believe that it’s back-to-school time already. While families are busy getting their kids ready to head back to school, the City and police department have been busy preparing the Safe Walk Routes and school crosswalks for their return. Each school’s Community Council works with the City’s engineers and police department to create the safest walking route. It is important to note that the safest route may not be the shortest route. The primary goal is to help kids get to school the safest way possible, which means we try to avoid having them cross busy roads. If they have to cross a busy road, it is preferred that they cross at a controlled traffic device such as a traffic light or stop sign. We also utilize crossing guards; our city has 50 of them! These crossing guards have a passion for what they do and enjoy interacting with the kids each day.

With 10 elementary schools, four middle schools, and four high schools located in Herriman, it’s very likely that drivers cross paths with students on their way to and from school. We plead with the members of our community to please be aware of the traffic laws associated with school crosswalks. School crosswalks are distinguished by their “zebra stripe” look. The law states that it is illegal for a driver to cross through a school crosswalk until it is completely (both sides of the road) cleared, and the pedestrians are safely on the sidewalk. Utah Code 41-6a-1002(2) We also ask that drivers slow down and give the students and crossing guards some space. Drive alertly and help us keep everyone safe as they head back to a new school year.

SCHOOL ZONE CROSSWALK
(typically zebra striped)
A driver must wait for a pedestrian to cross the entire crosswalk, both sides of the road, before proceeding.

STANDARD CROSSWALK
(typically a parallel solid line striping)
A driver must wait for a pedestrian to cross one side of the road before proceeding.
On July 20th and 21st, Mayor Palmer and Councilmembers Ohrn and Hodges joined the 35 incoming members of the Herriman Youth Council for a “summer retreat.” They played get-to-know-you and ice-breaker games, engaged in leadership activities, and planned out goals for the next year. The Youth Council has some exciting things they will be working on, with collaboration with the City Council. Watch for ways the community can be involved with helping the Youth Council achieve their 2022-2023 goals.
Back to School/Back to Business

August 2022

HERRIMAN

As you prepare to pull that boat or trailer this summer, have some fire sense and make sure your chains aren’t dragging to avoid sparking a wildfire.

UtahFiresense.org

A weekly lawn watering guide provided by the Utah Division of Water Resources is produced using local climate data including temperatures, precipitation, and evapotranspiration.

If parts of your yard's lawn need more water than is suggested, consider briefly watering those spots directly with a garden hose instead of running a full additional cycle.

Conservewater.utah.gov/weekly-lawn-watering-guide

Prioritize your watering

Help Prevent A Chain Reaction

As you prepare to pull that boat or trailer this summer, have some fire sense and make sure your chains aren’t dragging to avoid sparking a wildfire.

ORDINANCE 2022-35
Vacating portions of right-of-way located at 13800 S 5800 W

Property Taxes: The Herriman City Fire Service Area
On August 3, the City Council approved the property tax rate for the Herriman City Fire Service Area, one of the three City-controlled entities that levy property taxes.

As explained in the July newsletter, overall property taxes have not been raised by any of the three City-controlled taxing entities. More information, context, and details can be found at herriman.org/property-tax.
