

HERRIMAN CONNECTION

August
2023

Council Corner

As we bid farewell to the lazy days of summer, families are gearing up for the back-to-school hustle. It's that time of year when we exchange beach towels for backpacks and our city's energy shifts from the serenity of summertime to the eager anticipation of a new academic year. We're also excited to share an update that will shape the academic landscape in our city.

This month heralds an exciting milestone for Herriman. We proudly recognize the grand opening of the new joint Herriman campus of Salt Lake Community College and the University of Utah. This innovative partnership offers students the unique opportunity to complete an associate's degree at SLCC and seamlessly transition to the University of Utah to pursue a bachelor's degree, all within the same convenient location. Every year, thousands of high school seniors in this part of the valley will have the opportunity to advance their education while having the option of staying close to home. We are thrilled to have this campus as part of our community.

As our city gets back into the school routine, we must prioritize the safety of our students and pedestrians. Safe driving practices are of utmost importance, especially at crosswalks. As schoolchildren walk to their schools again, motorists must be vigilant and look out for pedestrians. At marked school crosswalks, it's essential for drivers to exercise patience and wait for pedestrians to clear both sides of the street before proceeding. Let us collectively ensure that our streets remain safe for everyone, especially during peak school hours.

As always, we appreciate residents' active involvement in making Herriman a vibrant and caring community. We wish good luck to students of all ages in our community for the coming school year.

D.A.R.E. TOP GRADUATE ESSAYS

Each year as a part of the D.A.R.E. curriculum, students are asked to write an essay summarizing the new knowledge they've acquired through the course, including describing how they'll implement the skills they've learned. In total, over a thousand essays were submitted from Herriman schools.

At the July 12th City Council meeting, D.A.R.E. Officers presented the winners from each area elementary school to the Council in celebration of their graduation and outstanding essays.

Truth-in-Taxation Public Hearing

A Truth-in-Taxation hearing will be held on Tuesday, August 22nd at 6:00 p.m. at the city hall. This is an opportunity for residents to comment on the proposed property tax increase for the Herriman City Safety Enforcement Area, which is an entity that funds the Herriman Police Department. The proposed increase is for up to 15% (of that item only—not 15% of the entire property tax), but the City Council is looking for public input before a decision is made after the hearing.

In addition to the public hearing, you can find more information and give feedback by clicking on the link on the City's website at www.herriman.org/property-tax

New Snow Parking Ordinance

Herriman City has updated its winter parking ordinance to accommodate more on-street parking during snow storms while allowing the City's snowplow crews to clear roadways.

Now, drivers may park on the side of the street with even-numbered addresses when it's snowing (previously, no parking was allowed on public streets). Parking on only one side of the street is important to allow enough room for plows to clear snow.

Since snowplows push snow off roadways, there may still be piles of snow next to your parked car. The City's plow operators do their best to avoid piles in front of cars and driveways, but it's not always practical. To avoid getting stuck, it may still be a good idea to park off-street if possible.

During snow events, park on the
side of the street with
even-numbered addresses

Keep your dog

Cool
this summer!

Hot dog no more when
you beat the heat with
your pup by...

- Creating a shaded area
- Freezing a dog food ice lolly to eat
- Placing damp towels to lie on
- Taking walks early or late in the day
- Adding ice cubes to the water bowl
- Giving them a pool to cool off in
