**CHECK ONE:**

**LICENSED CONTRACTOR DECLARATION:**  
 I hereby affirm that all work will be performed by contractors licensed under the Construction Trades Licensing Act (58-55, UCA) whose licenses are in full force and effect. If contractors have not been selected at the time of the application for this permit, the permit is issued only on the condition that currently licensed contractors shall be selected by the applicant, that the applicant shall provide the names and license numbers of the contractors to the City of Herriman, and shall enter the same names and numbers on the permit before they begin their work.

**OWNER-BUILDER DECLARATION:**  
 I hereby claim exemption from the requirement for licensing under the Construction Trades Licensing Act (58-55, UCA) because work will be performed by the owner of the property for his/her private, non-commercial, non-public use. Any work not performed by the owner will be performed by a contractor licensed under the Construction Trades Licensing Act, and the names and license numbers of the contractors shall be provided to the City of Herriman, and shall be entered on the permit before their work is begun.

I certify that my site plan includes everything on neighboring properties that are within the surcharge area of this proposed structure.

This permit shall become null and void if work is not commenced within 180 days, or if work is suspended or abandoned for a period of 180 days or more at any time after the work has commenced. Commencement or continuation of work shall be verified only by inspection reports from an inspector for the City of Herriman. All required inspections shall be requested at least one working day before they are to be made. Inspections are required before any work is covered. Please call if you need further information about when an inspection is required.

I hereby certify that I have read and examined this permit and that the information provided by me is true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
