2,600 people. Electrical malfunctions are $930 million in property damage and injure 20,000 people. Electrical malfunctions are usually the cause for Christmas tree fires, especially the cause for Christmas tree fires, but putting trees too close to heat sources can also cause fires. Real electrical trees can also ignite artificial trees. Following certain precautions, such as checking your Christmas tree lights, keeping your tree away from heaters, fires, and candles, and regularly checking your smoke detectors can help to reduce your risk of fires and fire related damages, which will help you better enjoy the holiday season.

Board of Canvassers Meeting: November 21st at 6:00pm

Herriman City Hall

**FACT**

- Have you checked out the RUMOR HAS IT page of the Herriman City website? Here are a few of the latest rumors being addressed.
  1. The City Manager and Asst. City Manager are voting members of the City Council and set the direction for the City – FALSE
  2. Herriman City charges a $200.00 security deposit for new water accounts – TRUE
  3. Herriman City & Facebook Live – FALSE
  4. The City Manager and Asst. City Manager are voting members of the City Council and set the direction for the City – FALSE

**FICTION**

- In this fast and demanding world we all live in, social media has become a creative platform which should always be our innocent feelings and desires. So as we employ this technological wonder, would it not be well to pause and think deeply before we create that message, click to send or reply, and ask ourselves, “Is it truthful or deceitful?” “Is it accurate or slanderous?” “Is it respectful or belittling?” “Is it honorable or unethical?” “Is it civil or caustic?”

Herriman City and Facebook Live
Tami Moody, Director of Administration and Communications
When pondering additional ways to communicate with residents more effectively, increase transparency, and create convenient ways to stay engaged, Herriman City decided just over a year ago to broadcast our public meetings via Facebook Live.

Why Facebook Live?
Understanding that we represent our community, and on our young demographic with busy, active families, we put forth to offer a convenient way for our community to view meetings and keep current with what’s happening in their city. Streaming City meetings on Facebook Live offers our community the convenience of attending from the comfort of their home, the baseball field, the grocery store, their kitchen as they prepare dinner, or wherever and whenever their schedule allows; during or after our meetings.

But using Facebook Live to stream meetings does not come without complications. Aside from the usual technical difficulties that can occur, are misconceptions about the intent of broadcasting on Facebook, as well as who is on the receiving end of the comments.

Facebook comments are not official public comment
Herriman City opted to stream meetings to help communicate city business to our citizens with the intent of increasing transparency, immediacy and information to the community. The page is moderated by the City Communications Staff, not by members of the City Council. There is a misperception that the comments made during broadcasts by citizens or the Facebook page represent Herriman City government as a whole. As a public entity, the City provides content to serve all its constituents in a civil and unbiased manner. Viewer comments directed towards specific Council Members, Planning Commission Members, etc. should be posted on their direct pages or sent to them via email. Contact information may be found on our website at www.herriman.org.

Our guidelines
The Herriman City Facebook Page is used as an informational source to our public. Comments made on the page should be kept civil. The City reserves the right to remove inappropriate comments including:

- Obscene language
- Threats or defamation of any person or organization
- Support or opposition of political candidates, ballot propositions or pending legislation
- Promotion of illegal activity
- Soliciting commerce
- Protected Information
- Not topical related to the particular posting
- Repeated postings of inappropriate or inflammatory material
- Content that is false or any malicious statements concerning any employee, the City or its operations

Any content posted may be subject to public disclosure upon request. The complete list of content guidelines can be found on our Facebook page in the “About” section.

The Realities of Fraud, Scams & Identity Theft
Detective Jason Myers, Investigations Unit - Herriman UPD Precinct
In a world where more and more of our lives are controlled by computers and we use our phones, the one thing we value most is someone to be honest, trustworthy, and to have each other's back. This has never been more realistic. This fact recently came to light in the massive data breach from Equifax that affected up to 143 million Americans. I was personally one of those affected to find out that my life and my personal information is out there on the web. I changed my privacy settings and began my journey of securing my personal information and finances.

One way to protect yourself is to employ a credit monitoring service. This is a service that will keep an eye on your credit reports for signs of potential fraud, such as new information added, or new inquiries into your credit report. They will then notify you of this activity on your credit report, which allows you to determine if it is legitimate or fraudulent activity.

Another convenience of attending (and what I personally chose to do) is to freeze your credit. This is not as hard as you may think. The simplest way to do this is over the phone, but it can also be done online. Freezing your credit prevents new accounts to be opened in your name.

There are two types of credit transactions that represent the majority of fraud that occurs with identity theft. You can easily unfreeze your credit with a PIN and a small fee when it becomes necessary.

If you are interested in obtaining a copy of your credit or freezing it here, are the numbers to the three credit bureaus:

Equifax: 800-888-4213
Experian: 888-397-3742
TransUnion: 900-980-3717

I would also like to remind everyone how to avoid becoming a victim of some of the many scams prevalent in this electronic age. Scam artists often try to trick and intimidate you into giving you money and/or personal information.

Many scams involve someone sending you a check where they tell you to keep part of the money, but send them the rest. This is always a scam, and the check will bounce every time. Another current scam is someone posing as a law enforcement officer. Law enforcement will never call and ask you for money and be willing to accept gift cards as payment.

You should always verify if someone is a law enforcement officer before making any payment and know that it is not a good idea to trust someone over the phone to be who they claim to be.

If you would like to find out more about fraud, scams and identity theft, here are some great websites:
- www.police.org (FBI – Internet Crime Complaint Center)
- www.usa.gov/identity-theft (Identity Theft Information)
- www.consumer.ftc.gov (FTC – Scam Alerts)

Tax Season:
One final reminder I have for everyone is to be vigilant this tax season. We receive calls at the police department in regards to your taxes due early and this can create a huge hassle for each victim to get their taxes completed.

A couple quick tips to avoid becoming a victim:
- File your taxes sooner rather than later. Getting your taxes done early will reduce the time criminals have to fraudulently take your refund.
- Protect your personal information—especially your Social Security number.
- Keep up to date on your credit report to see if you are a victim of identity theft.
- If you believe you’re the victim of tax fraud, contact the Tax Fraud Hotline at 1-800-829-0433.

For more information about any of these issues.

Gift of Giving:
If your Fur-Kids want to give back to the homeless dogs and cats at Salt Lake County Animal Services this holiday season, we are always in need of soft treats for dogs, cat food, and the ingredients to make pupcakes: pumpkin, applesauce, chicken broth, peanut butter, and fluids. If you can volunteer our annual Gift of Giving Drop-off treat move is December 11th at our location, 511 W 3900 S, SLC, Monday – Saturday from 10 AM – 6 PM.

Holiday Treats for the Fur-Kids:
Fall is in the air, and the holidays are around the corner. Here are a few quick tips on what to keep out of your Furry’s mouth. Those tasty, rich, rich foods from the holidays can cause some serious upset tummies, or even worse, a visit to the emergency vet.

Avoid:
- Candy: Chocolate contains a substance, theobromine, that can be toxic to pets. Dark, semi-sweet, and Baker’s chocolate can be lethal to pets if ingested.
- Drippings: Those fatty leftovers from your meal can cause vomiting and diarrhea.
- NO BONES: Do not give your pet bones from leftover holiday birds. They can splinter one ingested and cause internal injuries, even death.
- Stuffing, puddings, relish, pickles, sauces, and anything with onions, grapes, or raisins.

Your pet can eat some holiday foods in moderation: sweet potatoes, white potatoes, pumpkin (before adding fatty things like cream or butter), cranberry sauce, green beans, and a wee bite of turkey, ham, or other meats.

If you have additional questions, please consult with your vet.

Holiday Photos:
Grab your holiday sweaters, and your pup’s best looking vest! For a small donation, get your holiday photo with your pet here at Salt Lake County Animal Services this December.

We will be bringing in professional photographers to capture these silly moments. Date and time TBD. Keep a lookout on AdoptUtahPets.com for more information.

Fall Leaf Collection Program
The city of Herriman is in the process of picking up leaf debris placed on public streets and private properties to comply with the Unified Code of Ordinances Chapter 15.01.030 which prohibits leaves from being placed on public streets. Leaf debris can be dropped off at two locations, 511 W 3900 S, SLC, Monday – Saturday from 10 AM – 6 PM.

The annual Fall Leaf Collection Program is scheduled for October 16th – November 30th.

Due to our routine efforts as well as our efforts assisting with the creation of a buffer zone around Camp Williams, the National Guard named Mayor Freeman an Honorary Commander of Camp Williams.
Herriman City and Facebook Live
Tami Moody, Director of Administration and Communications

When pondering additional ways to communicate with residents more effectively, increase transparency, and create convenient ways to stay engaged, Herriman City decided just over a year ago to broadcast our public meetings via Facebook Live.

Why Facebook Live?
Understanding that we represent our community, and based on our young demographic with busy, active families, we wanted to offer a convenient way for our citizens with the intent of increasing transparency, immediacy and complications. Aside from the usual technical difficulties that can occur, there are misconceptions about the intent of broadcasting on Facebook, as well as who is on the receiving end of the comments.

Facebook comments are not official public comment
Herriman City opted to stream meetings to help communicate city business to our citizens with the intent of increasing transparency, immediacy and information to the community. The page is moderated by the City Communications Staff, not by members of the City Council. There is a misconception that the comments provided during the broadcast of City Council or Planning Commission meetings are considered public comment and are provided to the City Council as such. Though once you submit a comment on a post it becomes a public record, public comments must be made in person during the appropriate schedule allows; during or after our meetings. But using Facebook Live to stream meetings does not come without complications. Aside from the usual technical difficulties that can occur, there are misconceptions about the intent of broadcasting on Facebook, as well as who is on the receiving end of the comments.

Herriman City Facebook Page:
The Herriman City Facebook Page is used as an informational source to our public. Comments made on the city page should be kept civil. The City reserves the right to remove inappropriate comments including:
- Obscene language
- Threats or defamation of any person or organization
- Support or opposition of political candidates, ballot propositions or pending legislation
- Promotion of illegal activity
- Soliciting commerce
- Protected information
- Not topically related to the particular posting
- Repeated postings of inappropriate or inflammatory material
- Content that is false or any malicious statements concerning any employee, the City or its operations

Any content posted may be subject to public disclosure upon request. The complete list of content guidelines can be found on our Facebook page in the “About” section.

- peanut butter, and more. You can visit our website: www.adoptutahpets.com for more information.

Holiday House
Hi Friends,

Happy Holidays!

Cozy Christmas in Style

Hershey’s chocolate

The Realities of Fraud, Scams & Identity Theft
Detective Jason Myers, Investigations Unit - Herriman UIPD Precinct

In a world where more and more of our lives are controlled by computers and cell phones, the goal for someone during the broadcast of a Facebook Live event is to change my own views of securing my personal information and finances.

One way to protect yourself is to employ a credit monitoring service. This is a convenient way to keep the eyes on your credit reports for signs of potential fraud, such as new information added, or new inquiries into your credit report. They will then notify you of this activity on your credit report, which allows you to determine if it is legitimate or fraudulent activity. Another way to protect yourself is to be vigilant and monitor your reports for any changes to your report. You can easily un-freeze your credit with a PIN and a small fee when it becomes necessary.

If you are interested in obtaining a copy of your credit or freezing it here, are the numbers to the three credit bureaus:

Equifax – (800) 866-5279
Expect – (866) 997-0742
TransUnion – (800) 916-8800

I would also like to remind everyone how to avoid becoming a victim of some of the many scams prevalent in this electronic age. These scam artists often try to trick and intimidate you into giving them money and/or personal information. Many scams involve someone sending you a check where they tell you to keep part of the money, but send them the rest. This is always a scam, and the check will bounce every time. Another current scam is someone posing as a law enforcement official. Law enforcement will never call and ask you for money and they are willing to accept gift cards as payment.

You should also follow this when it comes to scams is, “If it sounds too good to be true, it is.” If you would like to find out more about fraud, scams and identity theft, here are some great resources:

- www.ftc.gov (FBI – Internet Crime Complaint Center)
- www.usa.gov/Identity-Theft (Identity Theft Information)
- www.consumer.ftc.gov (FTC – Scam Alerts)

Tax Season
One final reminder I have for everyone is to be vigilant this tax season. We receive a lot of tax questions in our office, and this creates a major hassle for each victim to get their taxes completed. A couple quick tips to avoid becoming a victim:

- File your taxes sooner rather than later. Getting your taxes done early will reduce the time criminals have to fraudulently take your refund.
- Protect your personal information—especially your Social Security number.

Keep up to date on your credit report to see if you are a victim of identity theft.

If you believe you’re the victim of tax fraud, contact the Tax Fraud Hotline at 1-800-829-0433.

Remember if you believe you have been the victim of a fraud, scam or identity theft, please contact the Unified Police Department at 801-743-7000. You can also contact me, Detective Myers, at 385-468-9519 to discuss questions about any of these issues.
